

GERMAN LANGUAGE COURSE INFORMATION FOR MME STUDENTS

Students enrolled in one of the following Master's degree programs have one German language course included in their respective curriculum:

- ✓ M.Sc. Management and Engineering in Computer Aided Mechanical Engineering (MME-CAME)
- ✓ M.Sc. Management and Engineering in Electrical Power Systems (MME-EPS)
- ✓ M.Sc. Management and Engineering in Production Systems (MME-PS)
- ✓ M.Sc. Management and Engineering in Structural Engineering and Risk Management of Industrial Facilities (MME-CONSTRUCT)

This German language course covers **half a language level** according to the Common European Framework of Reference for Languages, i.e A1.1, A2.1, B2.1 etc. (usually 4SWS = 4 weekly contact hours per semester).

MME Students can attend and complete the German language course at the [RWTH Language Center](#) in any one of the four semesters of their study program. The course level depends on the individual students' German language knowledge.

Students with no previous German language knowledge start learning German at A1.1 level.

Students with previous German language knowledge must sit a German language placement test prior to registering for the German language course. The placement test is conducted by the RWTH Language Center. It confirms your German language level and determines which course level you can attend next.

German language certificates obtained elsewhere than at the RWTH Language Center cannot waive the placement test.

The placement test for students with previous German language knowledge is scheduled for 4 October 2019. In order to be able to take the placement test students need to have their RWTH TIM-Id. (If you have any questions or problems concerning your TIM-Id please contact the [IT Center Service Desk](#)).

GERMAN LANGUAGE COURSE REGISTRATION

Be aware, that the result of your placement test reflects the student's entry level and not their skill level. For example, if a student finishes the placement test with an A2.1 result, their German language entry level and consequently their course level is A2.1.

After students have received their result from the placement test, they independently select a course from the [semester course offerings](#) by the RWTH Language Center. Please note that it is the student's responsibility to actively register for the German language course during the Language Center's registration period prior to the semester of attendance!

All information about the registration process and the important semester deadlines can be found [here](#).

COURSE FEES

Students enrolled in the above-mentioned Master's degree programs, do not have to pay a course fee for this half-level German language course since it is a part of their curriculum.
